\*Buyers Reference #3 Name/Phone: \_\_\_\_\_

\*Veterinarian Reference #4 Dr Name and Practice Name/Phone: \_\_\_\_\_

-AND-

Seller: Jones Farm

Address: Amy Jones, 4082 Holder Farm Road, Liberty, NC 27298

Email: JonesGoatFarm@yahoo.com

UPON PAYMENT of the sum of \$\_\_\_\_\_, (purchase price of puppy only, does not include fees or kindergarten). Paid by Buyer to Seller, receipt of which is hereby acknowledged, Seller grants, sells, conveys and transfers ownership of the following dog (the "Dog") to Buyer:

Name of Dog: \_\_\_\_\_ Puppies Parent Names: \_\_\_\_\_

Breed: \_\_\_\_\_ Puppies Given Code# (on Spreadsheet) \_\_\_\_\_ Full grown size/weight is \*estimated\* on the chart provided at time of choosing. There are no guarantees.

Bred by Seller? Yes, Jones Farm, Liberty, NC

State of health: Excellent. Up to date on shots & worming. Vet paperwork

provided. **TERMS AND CONDITIONS**

## 1. Deposit, Payment of Purchase Price, Fees:

Buyer has paid a deposit of **\$300**. First half of the Puppy price, via mailed check, is due 7 days from today. Last half of balance of payment, (including Puppy Kindergarten payment if applicable,) is due no later than **adoption day in CASH at pick up -**

**<OR> at 5 weeks old, if we are flying your puppy.**

The expected pick up day is the morning of **adoption day, unless the buyer opts for Puppy Kindergarten**. The blue eye fee is \$300. There will be a \$130/day boarding fee for each puppy that is held after this date. Please ask for availability, if needed. First half is due now that the puppy is chosen and can be paid as a check (preferred), money order, or credit card (5% service charge for credit.) Checks can be written out to: Amy Jones, 4082 Holder Farm Rd, Liberty, NC 27298, (Place in the Delivery box at gate.) Please **UPS** your check to us with a signed copy of your contract. This agreement can also be scanned and returned to: [jonesgoatfarm@yahoo.com](mailto:jonesgoatfarm@yahoo.com).

**Please do not Fold.**

Buyer acknowledges and agrees that Buyer will forfeit the deposit and any rights to the Dog if: (a) Buyer fails to complete the pick-up and purchase of the Dog for any reason, or **1**

(b) Buyer fails to pay the balance of the Purchase Price by **Adoption Day**. In either event, Seller shall be free to sell the Dog to another party. In the event that the Dog is not available due to sickness, death, or any other circumstance owing to the fault of Seller, Buyer's deposit will, at Buyer's option, be either (i) refunded, or (ii) transferred to the next available litter of puppies.

## **2. Transfer of Ownership:**

Upon payment in full of the Purchase Price, Seller shall promptly take all actions required to officially transfer ownership of the Dog to Buyer. By the time of Transfer of Ownership, the puppy will have had the first set of shots (5-way), micro-chip, and first worming(s). Seller may help to connect to a transport professional to bring the puppy to you, however, this is a third party, and Seller takes no responsibility for transportation.

## **3. Forever Clause:**

If at any time the Buyer becomes unable to properly care for the Dog, the Seller will take back the Dog to insure health and care indefinitely. Do not take puppies to the pound, or give away/resell to anyone, we will be sure to see they have a loving home. Buyer listed above is the **ONLY** approved home verified by Seller. If pup cannot be cared for, at any time by buyer, pup must be returned promptly to Seller.

## **4. Spay/Neuter Agreement:**

This puppy was sold as a Pet only. By my signature below, I agree to have this dog spayed/neutered by no later than **6 months from the signed date of this contract**. I understand that this spay/neuter agreement is binding and that this dog will not produce a litter of puppies either as purposely bred or by accidental breeding. I also agree if the puppy is not altered by the above date, I will return said puppy back to Jones Farm with no refund. Microchip info will be signed over by the Seller as soon as vet spay/neuter proof has been provided. Note: puppy microchips cannot be guaranteed as they can sometimes become dislodged as they grow. If your chip becomes dislodged, we recommend a new chip be placed during spay/neuter surgery.

## **5. Health Guarantee:**

This puppy is guaranteed healthy when it leaves our home. Vet paperwork is included. Our pups are vet checked, micro-chipped, and go through a 25 point inspection to verify health. They are guaranteed healthy and free of any genetic issues that are life-threatening or hinder their ability to be a great family pet. Not covered items are any common pup issues such as but not inclusive to: worms, coccidia, giardia, minor hernias and vet visits etc. If any genetic issue that would make this Dog unable to be a good pet and would appear within the pups first year of life, Buyer would need to provide certified vet paperwork stating genetic issue and Seller would take back that pup and allow Buyer to choose another one from an upcoming litter or refund purchase price of puppy, at Seller's discretion. Size and weight at full grown are an estimation, not a guarantee. ***The buyer understands the Health Guarantee is void if our essential pawTree food and NuVet Vitamins are discontinued. Please set up EZ Ship & AutoShip for each of these items so that we can recognize consistency. Also, if the buyer chooses to use chemical Heartworm or Flea tick meds, instead of our holistic/all natural recommendations, OR double/over vaccinates, resulting in sickness or death, our health guarantee will be null & void.***

## **6. Social Media/Photo Credit:**

If Buyer shares any of Jones Farm pictures on Social Media, they agree to tag @Jones Farm (FB) or #jonesfarmpuppies (Insta) or include the JonesGoatFarm.com website as the photo credit.

The parties accept and agree to be bound by the attached Terms and Conditions governing the purchase and sale of the Dog.

Print & Signature of Buyer: \_\_\_\_\_ Date: \_\_\_\_\_ Print  
& Signature of Buyer: \_\_\_\_\_ Date: \_\_\_\_\_ Print &  
Signature of Seller: \_\_\_\_\_ Date: \_\_\_\_\_  
Buyer's Names: \_\_\_\_\_ & \_\_\_\_\_

Please initial \*each\* space below...  
Do you have any other pets at home?

Please list their breeds, ages, & genders separately... Are they spayed or neutered?

What experience do you have with puppies?

Will you have your veterinarian lined up for your puppy? \_\_\_\_\_  
If your puppy is here for Puppy Kindergarten during vaccine days, we take care of this.

Will you be ready at home with a crate, potty pan, NuVet Vitamins, and pawTree food etc?  
(We will send you a discount coupon shortly.) \_\_\_\_\_

Microchips are registered to you and us at Jones Farm. As soon as your puppy is spayed or neutered,  
please send us a copy of that certificate and we will sign over your microchip ID fully to you. \_\_\_\_\_  
\_\_\_\_\_

Do you understand the importance of keeping your new puppy out of public areas, soil, and away  
from other dogs and excessive amounts of people before their rounds of vaccines occur? \_\_\_\_\_  
\_\_\_\_\_

Please know your puppy will be well started on potty tray training, and we highly recommend  
you keep them inside to potty until after the second (9 week) vaccine is administered. We also  
recommend avoiding all public places, dog parks, pet stores, groomers etc until after the last  
(16.5 week) vaccine is administered. \_\_\_\_\_

Please see our website for our recommendations of items we feel are quite helpful (puppy litter,  
worming medicine, crate, bully sticks, toys, dog beds etc):

<http://jonesgoatfarm.weebly.com/puppy-products.html>

Additionally, we do recommend Baxter & Bella online training for your puppy, pawTree all natural pet  
food, NuVet Vitamins, HWF for heartworm prevention, and Paws & Claws flea/tick prevention. We  
have discount codes for each of these items, which we will be sharing within the coming weeks.  
\_\_\_\_\_

As always, any questions, please ask! We are here to support you for the lifetime of your puppy.

Todd & Amy Jones

Jones Farm

**Jones Farm Recommendations:**

- 1. Stick to the vaccine schedule sent home with your puppy. Serious issues can arise if you vaccinate even 2 days early. Never give more than 1 vaccine at a time. \_\_\_\_\_**
- 2. Never vaccinate on the same day you give another form of treatment such as medication, stomach wormer, heartworm treatment, flea & tick med. etc. \_\_\_\_\_**
- 3. Only use all natural HWF for prevention of heartworm and Claws & Paws for the prevention of fleas & ticks. \_\_\_\_\_**
- 4. Hold off till 5-6 months for Rabies Vaccine. \_\_\_\_\_**
- 5. Skip Kennel Cough / Bordetella vaccine, Lyme/Lepto vaccine. This includes the nasal vaccine options. \_\_\_\_\_**

**Of course, this is your baby and your decision to use whatever forms of prevention you'd like, but please understand that Jones Farm will NOT be held responsible for any issues arising from the chemical products we advise against such as: Trifexis, Revolution, Sentinel, Advantage Multi, Serresto, Frontline, Comfortis, Nexgard, Heartgard, TriHeart, K9 advantix, Interceptor, Pro Heart, Iverhart etc. \_\_\_\_\_**

**Some of the side effects can include:**

- Lethargy or depression
- Disorientation or Drooling
- Loss of appetite
- Slow heartbeat
- Dilation of pupils
- Ataxia
- Trembling or seizures
- Inability to stand
- Difficulty breathing
- Hair loss or Allergies
- Sudden blindness
- Neurological Impairment
- Death

**I understand the Jones Farm recommendations, I agree to hold harmless Jones Farm if I choose not to follow their recommendations and my puppy becomes sick or dies.**

**Print Name: \_\_\_\_\_ Sign Name: \_\_\_\_\_ Date: \_\_\_\_\_**

## Flea, Tick, & Mosquito Prevention:

To understand why it is so important to use natural prevention, we need to know a little more about chemical flea and worm treatments and how they work. Chemical treatments are powerful toxic pesticides that accumulate in your dog's blood and skin. Ticks and fleas must bite and suck your dog's blood, before becoming paralyzed to die from the pesticides. It can take many hours for them to die, in which time they could still spread disease.

These powerful chemical pesticides can also cause neurological issues in our dogs. In September 2018, the FDA put a warning on Isoxazoline flea and tick products because they have been associated with neurological adverse reactions in dogs that have no medical history for these issues. Side effects range from seizures, convulsions, skin disorders, ataxia and even death!

Using natural prevention is much safer and equally effective if done properly. The main difference with using natural prevention is, you aim to repel fleas and ticks so they don't go on to your dog in the first place. The chemical treatments need the fleas, ticks, and mosquitos to bite and such your dog's blood before being killed.
